April 2021

Greetings fellow Corvetters. We are finally getting to the point in the pandemic where we can start congregating again, but there are still many out there that are trying to spoil it for us by not getting the vaccine or wearing the masks. I am sure that none of you fit that category.

Unless something drastic happens, we will meet at the Harbour Inn for our general membership meeting on April 20th at 7:30. The Fourth Amendment to Executive Order 72, raised social gatherings to 50 people. Hope to see you there. Even though most of us are vaccinated, we will still adhere to the mask and distancing policies so that there is nobody feeling any discomfort - me. There may be free cookies and you will not have to show a vaccination card to get them. Maybe we can gather for breakfast in May.

Some of us did get out for the Cars and Coffee this past month and a few of us went with the Battlefield Club to Montpelier which was a great day for a cruise. Interesting tour of President Madison's home and grounds.

The March general membership ZOOM meeting went well with just a few hiccups. We had good participation from the club, so those who did not participate, you should get the Zoom app, load it on your computer, phone, or IPAD and join in the meeting, if we should need to have another one. It's easier than trying to program your Infotainment system on the Corvette.

Check out Joan's calendar and plan to participate in an upcoming club event.

AQUIA CREEK CORVETTE CLUB

The purpose of this organization shall be to provide educational needs for those with Corvettes, and for the preservation, restoration, and enjoyment of all Corvettes.

NOW IN OUR 35th YEAR

Aquia Creek Corvette Club (ACCC) was formed in September 1987 by a group of die-hard Corvette enthusiasts from Aquia Harbor in Stafford, VA. The name was selected reflecting the Club's geographic and historical origins in the Old Dominion. Through hard work and commitment, ACCC has enjoyed constant growth and now boasts 54 members representing nearly 70 Corvettes, from a 1953 to 2018. ACCC membership consists primarily of Stafford County residents, but has members from Prince William, Fairfax, Fauquier, Spotsylvania, Orange, Culpeper, Loudon, Louisa counties, and two in Florida. Since September 8th, 2014, the ACCC Facebook Group has been limited to ACCC members only, except for a few that were already group members.

Welcome April! We are all looking forward to warmer weather and fewer COVID restrictions. Al has announced our first 2021 in-person meeting will be on April 20. Hope to see some of you soon!

I spoke to Mike Shepherd on Monday and Captain Billy's is still not open or answering their phone. So, at this point, we agreed it would be best to cancel again this year.

The good news is that more local events are opening up and lots of car shows coming soon as restrictions are easing. For those interested, Cars and Coffee-Woodbridge should be returning sometime in April but at a new location, Tacketts Mill. I will keep you posted.

For members comfortable eating out at a restaurant, I am planning our first breakfast gathering at Juke Box Diner at 9:00 am on May 15.

Also coming up, ACCC has two new overnight trips planned. One to the OBX Rod and Custom Show in NC for April 29-May 2 and the other to Natural Bridge/Lexington for July 22-24. Please see the information in Events and the following pages in the Newsletter. Please let me know if you are interested in these two trips or if you have any questions.

If you have any ideas for events or for short cruising trips that are on your "bucket list," now is the time to bring it up and put a plan in motion.

One last item to mention is our Christmas party this year. Marie Sizemore graciously stepped up and has checked on two potential locations and I have checked on a third. We will present the information at our April 20 meeting for the Club's consideration. We will also be sending out an email to members asking for their quick responses so the Club can secure a place for our party on December 5.

Please remember that any and all future events and/or meetings are still subject to COVID restrictions in place.

Save the wave,

Joan

More Info from Joan on Club Trips to the **OBX Rod & Custom Festival** and **Natural Bridge**

This is an updated and shorter description of two planned Club trips. A more detailed email was sent on March 15 to all members.

The first trip will be **April 29 to May 2** to the **OBX Rod & Custom Festival**. See additional info at www.OBXRC.com or on their Facebook page. It is my understanding that more than 500 vehicles have registered so far and there are several display locations.

ACCC has a block of rooms at Baymont by Wyndham Kitty Hawk at the Festival rate of \$89.99+ for Thursday & Sunday and \$119.99+ for Friday & Saturday. **Call Baymont at 252-261-4888 for reservations in the ACCC block by April 10** and choose your own arrival and departure dates. **Also please call, text or email Joan of your reservation.** So far we have 8 rooms booked.

Everyone is free to make your own travel arrangements to and from the Outer Banks. **For anyone interested, Skip and Marie Sizemore and I plan to meet on Thursday, April 29 at 7:00 am for breakfast at the Cracker Barrel in Central Park, Fredericksburg, and depart at 8:30 am.** Please let us know if you want to join us.

The second trip will be **July 22 to 24** to the **Natural Bridge**/Lexington area. ACCC has a block of rooms at the historic Natural Bridge Hotel. You will have a choice of two room types. The Veranda Room is a smaller room with a covered porch and street level walkout and either a king bed or two doubles at \$99.00+ per night. The Balcony Room is a larger room inside the main hotel with a balcony and either a king or two queens at \$119.00+ per night. Both room types include breakfast in the Colonial Dining Room.

Call National Bridge Hotel at 540-291-2121 for reservations under Aquia Creek Corvette Club, group code ACCC0722, by June 15. Please let Joan know that you have booked a room. So far, we have 5 rooms booked.

Plans are to drive down on Thursday morning, visit Natural Bridge on Friday after breakfast. The cost is \$8.00 each for Natural Bridge State Park. Lunch will be at the Pink Cadillac Diner, an iconic local diner and favorite of car and bike clubs. After lunch you are free to check out historical sites in Lexington with lots of other options in the area to explore on your own or with a group.

Saturday after breakfast you are free to leave on your own or stay and check out the area. Possible stop at Route 11 Potato Chip Factory on the way home?

Please contact Joan with any questions, suggestions or comments.

**NEWS FROM THE
NATIONAL CORVETTE MUSEUM**
April 2021
Bud Donner

One year ago this month the country was shutting down - the Bash was rescheduled to May and later cancelled, the Museum was closed, the assembly plant suspended operations temporarily, masks became fashionable and TP was as scarce as hen's teeth. It has been a year without Corvette events, car shows, and club drives, and it's probably still too soon to go back to the old normal. Better times are coming though, and the advance bookings for upcoming NCM calendar events shows how anxious Corvette owners are to start driving again:

The Bash is this month (April 22-24) with driving events at the Motorsports Park, raffles, scenic drives, the Hall of Fame banquet - almost all events and lectures are already **fully booked**.

April 25-28 - Dragon Run at the Biltmore - **sold out**.

June 1-5 - the Branson Experience is an NCM event in Branson, MO - **sold out**

Sept 2-4 - the 27th Anniversary Celebration, with tours, videos, raffles, and technical lectures - details available soon. **Probably will sell out quickly.**

Nov 4-6 - the annual Vets 'n Vettes event, with Motorsports Park track driving, road tours, and the downtown Veteran's Day parade.

What Did You Do to Your Corvette??

(Since the last newsletter)

Steve Argubright, 2019 roadster: I drove to The Plains, Virginia, and had lunch at the Rail Stop restaurant, where the club went on its mystery cruise two years ago. The staff is top notch and the food was delicious!!

Pete Rutledge, 1991 coupe: I drove from Woodbridge to Dumfries to get my first COVID vaccination dose at CVS. It was a nice sunny day and the car and CVS performed flawlessly.

Lee Morton, 2015 roadster: In most vehicles, the battery reliability usually lasts about five years. After such time, it's not uncommon to see an increase in battery-related issues. I've experienced this myself in other vehicles I've owned that we're older than 5 years. That includes my 2005 C6 which I kept for seven years. So after six years, I just replaced the original battery in my 2015 convertible.

Bud Donner, 2013 Callaway roadster: I hadn't driven the Callaway for months, so yesterday I decided to take it out for a spin around town. I went out to the garage, squeezed the door latch and---nothing! The green light was lit on the battery saver, so it was fully charged. Pushed the unlock button on the fob - the door was still locked. What to do - take it one logical step at a time; first step was to pour a splash of Tito's on ice - it worked its magic and the solution became obvious. I know 99% of you already have the answer - replace the little battery in the key fob! It's also probably worth five minutes to review the use of the key inside the fob, the door release cable in the trunk, and the fob slot in the glove compartment.

EDITOR'S NOSTALGIA - 2000 Corvette

There weren't major changes in the 2000 model compared to the previous year. A number of minor changes were made, however. New wheels were introduced with thin spokes and were available in a popular optional polished finish (for \$895 extra). The Z51 handling option was revised with larger diameter front and rear stabilizer bars and revised shock absorber valving. Two new exterior colors were added, including Millennium Yellow (see photos on next page). Torch Red became available inside the Corvette as an upholstery color (it had been a very popular exterior color since 1994). Passive Keyless Entry was replaced with Active Keyless Entry. The key lock on the passenger side was eliminated. The standard engine was the 350 cubic inch, 345hp version that was the same as the previous year. 18,113 coupes were produced, along with 13,479 convertibles and 2,090 fixed-roof hardtops. The relatively rare hardtop model included Z51 suspension and 6-speed manual transmission. The most popular color this year was Torch Red (as it had been beginning in '97) and the least popular was Nassau Blue Metallic.
